

# One Day Soon

Original Lyrics and Music: First Place 2014

David Taylor

---

V-1

One day soon we'll all be through, and be where we were meant to be.

To that place where we don't know we only have the book to tell us so.

So we think how can it be that things aren't always what they seem.

Will you look now and see how we have changed things to misery.

Chorus# 1

One day soon we'll all be through,

through of these things that hold us down.

With the help of you know who we'll be able to turn it all around.

V-2

Men with men and women with women, and babies gone before their here.

We can't pray that's what they say, but who are they to tell us how.

I guess they think since there in power, they don't have to feel our pain.

Till one day soon they'll be a man who comes and changes everything.

Chorus# 2 same as the first

V-3

Now we'll wait for that day when he comes to take his claim.

Here and gone in the blink of an eye now everything's changed.

Chorus# 3

One day soon we'll all be through

through of these things that hold us down

with the help of you know who we'll be able to turn it all around.

Turn it all around is what we need to do,

how could we let it get this way.

Times running out and one day soon,

we'll meet the man who helped us on the way.
