

# The 33d Annual Klingensmith Cup Invitation Golf Tournament

The 33d Annual Klingensmith Cup Golf Tournament will be played on **Monday, May 13, 2019** at the Wolf Creek Golf Course in Bastian, Virginia. This annual event is sponsored by Bluefield State College's School of Engineering Technology and Computer Science. All BSC constituents are invited to join in the fun with BSC ET and CS graduates and employers. This tournament allows participants to demonstrate their golf skills and provides a unique setting to renew old acquaintances and to network with others having common interests.

The tournament format is set-up as a 4-person "captain's choice" event and play begins with a shotgun start at 9AM. When play is completed, be prepared for an excellent picnic lunch and the awarding of prizes and trophies.

**To enter, the fees are \$50 per participant or \$200 per team.** The entry fee is used to purchase prizes, pay for lunch and drinks, and golfing privileges.

**You are also invited to become a "K Cup" sponsor.** We are offering several sponsorship levels, which all provide various opportunities for promoting your business as well as showing your support for the School of Engineering Technology and Computer Science.
