## United Nations Celebrates its 71<sup>st</sup> Birthday

FOR IMMEDIATE RELEASE  
October 24, 2016

"Humanity has entered the era of sustainability – with a global commitment to fulfil the great promise of the 2030 Agenda for Sustainable Development. In this, the Organization's 71st year, we have 17 goals to propel us towards a better future for all on a healthy planet."

—UN Secretary-General Ban Ki-moon

Students, staff, faculty, administrators, and community members are invited to join the Bluefield State International Student Organization (ISO) today in celebrating the United Nations 71<sup>st</sup> birthday and commemorating a global peace which has lasted since the end of World War II in 1945.

Over 17 country tables will be on display in the BSC Othello Harris-Jefferson Student Center from 11:00 a.m.-1:00 p.m. today, Monday, October 24, 2016. Attendees will be able to sample free-of-charge various country foods, read up about the countries exhibited, listen to indigenous music from the various cultures represented, observe PowerPoint Presentations about numerous countries, and watch dances performed by students from several countries.

The ISO asks faculty to bring your classes to the Student Center to participate and, if possible, engage them in a discussion about the importance of the United Nations as a forum for addressing pressing international problems.
