2022 Scholarship Application

West Virginia Society of Professional Engineers

Program Rules:

This scholarship is available to West Virginia resident students enrolled in the 3rd or 4th year of an approved engineering curriculum in a West Virginia State College or University*. This program is intended to encourage professional development starting at the educational level. The distribution of funds is based upon evaluation of applications received by the deadline.

Deadline for Applications: January 31, 2022
Anticipated Award: February 22, 2022

Application:

Please complete the attached form in Excel format and remit with application. Also, provide a brief essay (300 words or less) that explains:

1. Why you chose engineering as your field of study
2. Why you selected the particular branch of engineering that you are studying and
3. How you plan to pursue engineering as a career.

A current copy of transcripts may be requested but are not required with the initial submittal.

Send the above application to:
