Skyfactor was used for Employer Satisfaction surveys. A link was sent via email to distribute surveys. Because an external organization, Skyfactor, was used to distribute the surveys and the number of attempted (emailed) surveys is not included the response rate is unknown. One hundred percent of the respondents, 4, were with a rural public school/organization. Three, 75% were in the state of West Virginia and one, 25% from Virginia.

When asked in comparison to other recent hires with similar levels of education and experience, how would you rate the preparation of recent graduates from Bluefield State College's Educator Preparation Program 1, 25% responded *About as prepared as others*, 2, 50%, *Better prepared than others*, and 1, 25% *Among the best prepared*.

Survey questions were scored on a scale of 1 Not at all, 2, 3, 4 Moderately, 5, 6, 7 Extremely Satisfied. One hundred percent of employers responded extremely satisfied (7) or more than moderately satisfied (5) on each of the ten questions. Employers scored recent graduates at 6 or 7 (Extremely satisfied) on questions related to oral communication, commitment to their job, and work ethic. Caution must be used when generalizing due to the number of responses, but overall employers indicated they are satisfied with BSU graduates. All Questions

Survey results in the order the questions appear on the actual survey
